Subject: Mentioning CNR number in orders and judgments of High Courts and District Courts to facilitate integrated data management in ICMIS.

Sir/Madam,

As you are aware, the "One Case One Data" initiative launched by the Hon'ble Chief Justice of India on 11th May, 2026, seeks to establish an integrated case-management ecosystem across the Indian judiciary. The primary objective of this initiative is to eliminate errors arising from repetitive manual entry of data as matters move from the District Courts or High Courts to the Supreme Court of India. To achieve foundational integration of data, enhance uniformity, and improve the integrity of case-related information maintained in this Hon'ble Court, coordinated efforts across all Courts are required.

A new module, implemented in this Hon'ble Court's Case Management software (ICMIS), enables electronic fetching of case-related information from the digital case-data repositories of High Courts and/or District Courts, thereby avoiding errors which otherwise get introduced during manual data-entry process. The entry of CNR number of the challenged matter is a key trigger point for this automatic retrieval. Accordingly, cooperation of the High Courts is solicited to ensure that the CNR number for every matter is duly reflected in their orders and judgments.

You are therefore requested to take appropriate steps so that, henceforth, the CNR number of each matter (whether in the High Court or in a District/Taluka Court) is reflected conspicuously - preferably in heading area - on the digital copies of orders and judgments (which are available on the NJDG) as well as on the certified copies. Wherever applicable, standardized templates (as per the enclosed manual) be used in the CIS to generate orders/judgments with CNRs. Adopting such practice will aid the Registry to smoothly and reliably fetch case-related information from earlier-courts using the new module, and accordingly, will immensely strengthen the One Case One Data initiative.

Your urgent personal intervention in this matter will be highly appreciated.

With regards,

Yours sincerely,

Parashar

The system generates these details seamlessly, reducing manual entry and ensuring accuracy. The downloaded templates are provided in an **editable format (.odt files)**, allowing authorized users to make necessary modifications before finalization and digital signing.

- Select the case from dropdown or by entering the case number; case title and case status will be displayed
- Select the template and click on 'Generate Template' button. Link will be displayed to download the template. Click on the link to download the .odt file of the template.
